Summary

Highly skilled and goal oriented individual seeking to leverage and enhance my skills within a dynamic organisation.Dedicated to acheving mutual growth through effective collabration and continuous improvement

Education

Aditya Engineering College   **2021 - 2025**
Bachelor of Technology   Electrical & Electronics Engineering
CGP:7.0

Sri Ravi Junior College, Kapulapalem   **2019 - 2021**
Intermediate(MPC)
CGP:8.5

Z.P.P.H School, Injaram   **2018 - 2019**
SSC
CGP:9.2

Projects

Analysis abd design of a novel converter topology for interration of solar and wind system

This project focuses on designing a novel converter topology to efficiently integrate solar and wind energy sources. It aims to reduce power losses, component count, and improve energy conversion through a unified control system. The converter provides a stable output suitable for standalone or grid-connected applications.

personality skills

Ability to work in a team

Excellent Communication Skills

Problem Solving

Technical Skills

Technology : App desing thorugh flutter

Programming : Python | C

Web Development : HTML | CSS

Certifications

Pearson certificate (Python Development)

Skilldzire (AutoCad EEE)

Cisco Certificate (Programming essentials in python)

Languages

Telugu	English	Hindi
Native speaker	Advanced	Basic
